## A Community Prayer Guide for Kids

### PRAYER FOCUS: SCHOOLS

Many kids have mixed feelings about schools, but they are a gift. You can do a lot for your school by praying for it each and every day, and 100's of people in our community already do!

This month, let's focus on praying for the students, teachers, and leaders of our schools. Here are some ways to pray:

#### Dear God,

I know you love me, and I know **that love is the same for those in my school**. I want to be a light to those around me each day.

Please help **my teachers**. They have a hard job, and I want you to give them wisdom as they teach me. Help me to also be a good listener and helper in the classroom.

Please help **those who lead our schools**. Help them to make good decisions to keep students and teachers safe. Show them that they are loved, and give them peace.

And God, please help me to **be a light** and **good example** to my friends. I want them to see You in me.

*In Jesus name, Amen!*

### SING

#### Did you know God is your Teacher too!?

He wants to teach you to follow Him. *What ways can you learn to follow God?*

### END

Close your time with God by saying this prayer...

**Thank you Jesus for hearing my prayers.** Help me see how you will answer them.

Fill me with your love.

**In Jesus name,**  
Amen!

## KIDS AROUND THE WORLD

According to **BBC News**, kids in Uganda have been out of school for almost 2 years because of covid. And now, many are excited to return.

"I am really excited because it's been a long time without seeing our teachers. And we have missed out a lot," Joel Tumusiime told the BBC.

"I am glad to be back at school," echoed another, Mercy Angel Kibirungi.

More than 15 millions students were impacted by the school closures. And, because internet is not as available, many kids had little to no schooling during that time. Many believe as many as 4.5

million students will not be returning to school at all.

Please pray that the leaders of Uganda will have wisdom on how to get kids back in school, and that students will be able to make up for lost time.
